Wayne Frederick Taylor, Flora Dale; Robert Lee Smith, Gardner R. 1, and Richard Paul Black, Bendersville, each sentenced in January to a year in the Allegheny workhouse for aggravated assault and battery in the beating of a White Hall youth at Bonneauville, were placed on parole this morning for one year each by the Adams County court.

The trio told police at the time of their arrest that they inflicted the beating on then 16-year-old Raymond Neiderer because they mistook him for another man.

Jack Smith, Abbotstown, was sentenced to 30 days in the county jail dating from September 30 and ordered to pay a fine of \$50 for the use of the county and the costs on a charge of driving while under the influence.

The desertion and non-support case against Elvin Feaster Jr., Gettysburg R. 4, was dropped with the couple reconciled and costs were divided between Mr. and Mrs. Feaster. They were given to Friday to pay the costs.

Roy E. Rice, Gardner R. 2, brought before the court for failure to make support payments, told the court he understood payments could be stopped when a child reaches 21.

## WATCHMAN IS ROBBED OF \$25 EARLY SUNDAY

John H. Palmer, 41-year-old night watchman at the Gettysburg Furnace Factories, reported to borough police he was held up and robbed of \$25 and his wallet and cards about 12:30 o'clock Sunday morning by two masked men. The holdup took place in the boiler room at the Panel plant.

Palmer had reported for work at 11 o'clock and was in the boiler room when the two men walked in. Both wore white masks over their faces and one wore a hat pulled down over his eyes. The second bandit did not wear a hat or cap. He had dark curly hair, Palmer said.

When the men entered the room one told Palmer to stand against a locker with his arms raised and not to say a word. The other walked behind him and took his wallet containing the money and cards.

Before leaving the spokesman warned Palmer not to leave the boiler room for ten minutes. Soon after they left Palmer went to the plant telephone and called borough police. Officers Miller and Cluck responded and Palmer gave a description of the two holdup men.

Palmer resides with his parents, Mr. and Mrs. Samuel B. Palmer, 162 N. Stratton St.

It was the last show of the season for most of the riders. Only ribbons were awarded except in the pony classes where small trophies were given. There was no entry charges and the spectators were admitted free.

On the eve of the opening of the annual Community Chest campaign, Attorney John A. MacPhail, chairman, today issued the following statement:

"During the past few weeks, I have had the privilege and pleasure of speaking to several of our civic-minded organizations on the subject of 'Our Town.' It seemed to me that 'Our Town' and the Gettysburg Community Chest were very closely related subjects because the welfare of our community in a very real sense depends upon the success of the Gettysburg Community Chest.

"The six member organizations—the Civic Nurse Association, Boy Scouts, Girl Scouts, Library, Recreation Association and the YWCA—are all actively engaged in making greater Gettysburg a better place in which to live. All of us benefit when our community makes progress in this direction.

**Curbs Campaign Costs**

"Considered in the light of good business practice, the Community Chest is economically sound. It reduces the cost of conducting campaigns so that more of the money reaches the individual organizations; it necessitates only one campaign organization; it consists entirely of local people; it will ultimately provide the surplus funds necessary to take in one or more other charitable (Continued on Page 2)

Norman Eberly, 38, Waynesboro, also headed south, stopped his sedan behind the Bachynski car. The police said, Mrs. Margaret E. T. Gaughan, 43, Anchorage, Alaska, failed to stop in time and struck the rear of the Eberly car forcing it into the Bachynski vehicle.

Damage was listed as \$500 to the Gaughan sedan, \$400 to Eberly's car and \$150 to the Bachynski vehicle.

**Bled To Death In 5 Minutes**

There was one shot discharged at that point.

John Henry Nathan was about eight to 10 feet from the shot gun at that time, standing about the middle of the Clark room, at the foot end of a couch. The 1½ ounces of shotgun pellets grazed his left leg, just nicking the flesh, and made a hole about the size of a half dollar in the upper inside thigh of his right leg.

John Henry cried out, according to the witnesses, something like: "O Lord, my brother done shot me," and fell slowly to the floor.

The Adams County coroner, Dr. C. G. Crist, said the shot severed a large artery and vein in the leg and John Henry Nathan bled to death in less than five minutes. Apparently none of the people there knew enough first aid to attempt to staunch the flow of blood police said.

**Dead On Arrival**

Clark and J. C. Turner, 18, 514 Burrett St., Ft. Valley, Ga., another of the migrants, carried John Henry (Continued On Page 2)

James Nathan Jr., 31-year-old Lloyd's, Fla., itinerant fruit worker, is a prisoner at Adams County jail today charged with murdering his brother, John Henry Nathan, 27, North Pierce, Fla., a World War II veteran, also a migrant worker in Adams County orchards.

State police lodged the charge against James Nathan late Sunday afternoon before Justice of the Peace John H. Basehore. Nathan is alleged to have shot his brother, fatally wounding him, about 10 o'clock Saturday night.

Dr. C. G. Crist, county coroner, said death came within a few minutes after the shooting. An inquest is planned.

**Occurred In Farm House**

The shooting occurred, police say, in a farm house owned by Clyde Bucher, about two miles west of Mummaburg, along a country road off the Mummaburg-McKeesport Rd. The house is the same one in which a still operated by a Philadelphia bootlegging group was found several years ago.

As police and District Attorney Daniel E. Teeter gave the details: James Nathan recruited a number of workers under arrangements with the U. S. Employment Service early this summer. He brought his group here "for the cherry picking" and they have remained here since, being employed in various orchards. Seventeen of the group, single men and some husbands and wives, were residing at the Bucher farm home.

**Juke Box, Dance, Wine**

Saturday night a number of other migrant workers joined the group at the Bucher farm house and the group was engaged in dancing in what they term the "day room," a large, old frame structure off the main nine-room brick house at the Bucher farm.

Among the visitors to the Bucher building was John Henry Nathan, who, with his wife and two small children, is housed at the Lloyd W. Garretson farm, near Arendtsville.

Police said witnesses told them there was a juke box in the day room and that there was a gallon of port wine brought to the house for the party, but police found no evidence of excessive drinking among those present at the home when the shooting occurred.

**Broke Up Dice Game**

John Henry Nathan and several others apparently began a dice game in the rear of the "day room" where the others were dancing and James Nathan, as foreman for the group, broke up the game, telling the participants he did not want any gambling there—particularly over the weekend when the members of the crew had their week's wages available.

John Henry and several others apparently then left the day room and passed through the house to another room, off a porch on the other side of the house, in which Mr. and Mrs. George Clark, also migrant laborers, resided.

Police said they were told that Joe Henry "Junior" Nathan, about 18, a brother of John Henry and James Nathan, came to the day room later to inform James that John Henry had begun gambling again in the Clark room.

**Ignored Requests**

Apparently James Nathan made several trips to the Clark room to inform John Henry and the others that gambling was not allowed. And apparently he told John Henry finally to leave the premises if he would not stop the dice game.

On the last trip to the Clark room, James again apparently, according to witnesses, told John Henry to leave and he again refused.

Then, as police reconstruct the scene, James Nathan left the room, went through a large kitchen at the house, through a corridor into his own room, picked up a 12 gauge shotgun near his bed, walked back through the corridor and kitchen, backed out the kitchen door onto the porch and whirled around facing the door to the Clark room.

**Bled To Death In 5 Minutes**

There was one shot discharged at that point.

John Henry Nathan was about eight to 10 feet from the shot gun at that time, standing about the middle of the Clark room, at the foot end of a couch. The 1½ ounces of shotgun pellets grazed his left leg, just nicking the flesh, and made a hole about the size of a half dollar in the upper inside thigh of his right leg.

drives which currently conduct individual campaigns in our community.

"The Chest idea was conceived originally as a convenience for the public. Certainly, the public would rather be contacted once than six different times. At the same time, the public must realize that their gift should be for six different organizations. In short, it is six drives merged for our convenience into one combined effort.

"Nearly two hundred people annually participate in the conduct of this drive. For each of them it means a personal sacrifice of valuable time and effort. This year, a terrific job has been done by these people so far. Their ultimate success depends upon each individual contribution.

"October 19 (Tuesday) will mark the beginning of the 1954 Drive. That evening, we have requested that the people of Gettysburg turn on their porch lights for the convenience of their solicitor.

"The Gettysburg Community Chest as its name signifies is our drive for our town. Our goal of \$17,000 must be reached this year. It can only be done with the moral and financial support of every one of us."

Nathan to James Nathan's car, and Turner and James Nathan then started the drive from the Bucher farm to the Warner Hospital to secure treatment for Nathan's brother.

John Henry Nathan was found dead by hospital authorities upon the arrival of the Nathan car there.

At the hospital, police found Turner had a nine-shot .22 caliber H and R revolver, loaded with seven shells. Police did not have to search Turner to locate the pistol. It fell to the floor when the officers arrived.

Turner told them that enroute to the hospital, James Nathan had stopped the car near the Gettysburg airport, and had instructed Turner to throw away the shotgun from which the fatal shot had been fired. Turner said he did that, and then Nathan asked him to place a money box on the floor of the car in the glove compartment. Turner said when he opened the compartment some shotgun shells were found and at Nathan's direction he also threw them into a ditch alongside the road. Nathan then, according to Turner, pulled out the small revolver and gave it to Turner asking him to keep it so there would be nothing incriminating on Nathan, according to Turner's testimony to police.

Turner said he put the revolver inside his belt where it remained until it fell to the floor at the hospital. James Nathan was said by police to have been cooperative in giving details of the event as he recalled them. He admitted obtaining the shotgun and going to the door, but said he did not know how the shotgun was fired.

**Gun Is Recovered**  
Accompanied by Turner, police went to the scene, about 50 feet from the Mummaburg Rd. bridge, and located the shotgun and shells thrown out by Turner. Four of the migrants were held in county jail as material witnesses: George Clark Jr., 27, and Charles B. Flowers, 24, both of Port Valley, Georgia; T. J. Turner, and Alvin Porter, 22, Orlando, Fla.

Police continued their investigation today with possibly other charges to be filed for carrying a pistol without a permit and in connection with gambling.

John Henry Nathan is survived by his wife, the former Genevieve Speed, of Florida and near Arendtsville; his father, James Nathan Sr., Florida; his mother, Mrs. (Hayward) Nathan, who also in with the migrant labor camp at the Garrettson farm; a daughter, Shirley Anna, about 4; a son, John Jr., aged about two, and the following sisters and brothers: Willie B. Caesar, Hodges, Matthew, James Ethelene, Edna Mae, Mrs. Mary Agnes Martin, Theodore, Leroy, Jake and Joe Henry.

A veteran of 20 months service in the Navy in 1944 and 1945, John Henry Nathan was stationed at Jacksonville, Fla., in Virginia and in California during his period of service. He was a seaman second class.

The news of the disaster to the Arctic has literally plunged the whole community in mourning, and on all sides, go whithersoever you will, the calamity and its incidents overwhelm and swallow up every other subject of conversation." The same letter adds:

The custom House, the Merchant's Exchange, all the Broadway Hotels and the shipping in port have their flags draped in mourning and hung at half mast. Nature herself seems to sympathize with the general gloom, for the sun that shone out cheerfully in the morning has been ever since hidden behind the clouds."

## Today's Talk

## THE OTHER FELLOW'S SIDE

One reason why so many of us get embroiled in useless arguments is that we look at but one side of the subject under discussion—our own. And if the other fellow does the same thing neither gets anywhere.

How much more sensible first to try and see clearly the other fellow's side, even though we may not be ready to accept that one's conclusions. If we accepted no one's ideas, judgments, or experience we would never gain mental nor spiritual growth, and we would interest few people. Too few of us miss the obvious thing in a discussion, perhaps for the reason that we overlook it!

In most misunderstandings the solution lies in one's ability and willingness to see the other fellow's point of view. When we put ourselves in some one else's place we look out upon a vastly different picture than when we are blinded by our own "smoke-screen" of stubborn resistance. If we can honestly accept the other fellow's viewpoint, he is then more liable to accept ours, and that always means progress.

None of us would amount to much if we never disagreed with others, but to learn and enlarge one's intelligence it is essential that we be broad minded and always present an open mind. I have noted that so-called "opposites" get along very well, for they acknowledge the courage and independence of the other, and by honoring it, each thinks out new ideas of his own.

We would get so much further in international affairs if we put ourselves in the place of the country opposing us. Rugged nationalism does not always pay. In fact it often has led to such bitterness that only a war might calm down the temper of each, but at a cost all too tragic. There is no reason in the world why human beings, who are educated and have the interests of all concerned in mind, cannot get along peaceably. The other fellow's side may be our prospective side!

Tomorrow Mr. Adams will talk on the subject: "Love Is A Lonely Thing"

## Just Folks

**WANTED**  
I've everything that I can wear  
From hat to sturdy shoes.  
I've stuff which I would gladly spare  
For some one else to use.  
I always have enough to eat;  
I've many books to read  
And yet to make my life complete  
Some little things I need.  
My wants are just a simple few.  
The list would run like this:  
From time to time a hug or two  
And now and then a kiss;  
A child to sit upon my knees  
Or wander at my side.  
If day by day I can have these  
I'll be well satisfied.

There's much that I can do without  
And don't expect to win,  
But want to hear the children shout  
"Hello!" when I come in.  
Let others give their hearts to things  
And look on them with pride.  
So long as home with laughter rings  
I'll be well satisfied.

AUSTERITY IS  
THREAT AGAIN  
FOR BRITISHERS

By COLIN FROST

LONDON (AP)—Anxious Britons braced today for a return to the homefront "austerity" of World War II as London's dock strike threatened food and fuel supplies.

At the same time, a spreading wildcat bus strike knocked more than half the teeming capital's double-decker buses off the streets, bringing a weekend of traffic chaos.

Faced with a grim warning from the government, millions of housewives prepared to stock up their larders.

## Hurting Exports

A Ministry of Labor statement issued after an emergency Cabinet meeting Friday night said the walk-out of 24,000 London dockers "is having a serious effect on the country's export trade, is endangering food supplies and threatened to cause unemployment in other industries."

Britain lives by food imported from abroad. A third of that food, and the trade that pays for it, is channelled through the port of London.

Prime Minister Churchill, wrestling with the gravest labor crisis since he returned to office three years ago, canceled his usual weekend in the country to stay on hand in the capital.

Neither strike showed any signs of a break.

## Strikes Growing

Nine more depots joined in the bus strike overnight, bringing the total of men out to more than 29,000 and the number of buses idle to 3,800. The busmen are demanding a minimum weekly wage of \$28 against the current minimum of just under \$22.40.

The dockmen are demanding an end to the present system of compulsory overtime. The employers have agreed to consider the demand as soon as all men are back at work.

"MR. X" TELLS OF  
LIFE IN PRISON

ST. LOUIS (AP)—A young ex-convict, wearing a black mask to conceal his identity, charged yesterday the Missouri State Penitentiary is a "college of crime" where he learned to "crack a safe."

The man, called "Mr. X," made the statements on a radio-television show (KWK, KWK-TV) while appearing with a panel of St. Louis crime officials.

His identity was kept secret to protect his family.

The ex-convict, who was still serving part of his three-year sentence when a destructive riot broke out at the prison recently, told the panel poorly prepared food, idleness and too much reliance on stool pigeons by prison authorities were factors leading to the riot.

Four men died as a result by the riot, 31 others were injured and damage was estimated at three million dollars.

TORY CABINET  
IS RESHUFFLED

LONDON (AP)—A wholesale reshuffle of the British Conservative government brought seven new members into Prime Minister Churchill's Cabinet today.

A total of 17 other ministerial posts changed hands in a big reshuffle read by most political observers as a sign Churchill's retirement is not in the cards at this time although he will be 80 Nov. 30.

The most significance in this connection was attached to the appointment of Housing Minister Harold Macmillan to succeed retiring Earl Alexander as minister of defense.

Macmillan, a 60-year-old book publisher, has been considered a likely successor to Anthony Eden in the post of foreign secretary if and when the heir apparent to the aged Churchill steps up into the premiership.

STEELERS DRUB  
BROWNS 55-27;  
TIE WITH GIANTS

By SHELDON SAKOWITZ  
The Associated Press

The title-hungry Pittsburgh Steelers have their sights set on capturing their first division crown since joining the National Football League in 1933.

The closest Pittsburgh has come to a division title was in 1947 when the Steelers and the Philadelphia Eagles ended the regular season tied for first place. But the Eagles prevailed 21-0 in a playoff. The Steelers demonstrated Sunday they're definitely a team to be reckoned with this season as they drubbed the once-mighty Cleveland Browns 55-27. This brought Pittsburgh's record to 3-1, good for a second place tie with the New York Giants who also won.

But the front running Eagles bowled over the Washington Redskins 49-21 for their fourth straight victory. The Giants upended the Chicago Cardinals 31-17.

## Lions, 49ers To Meet

The Eagles and Steelers come to grips Saturday night at Pittsburgh in a game that could have an important bearing on the outcome of the Eastern Division title. In their first clash at Philadelphia, the Eagles squeezed out a 24-22 decision.

The defending champion Detroit Lions and San Francisco 49ers clash in a vital Western Division tie Sunday.

The Lions racked up their third straight success by blanking Baltimore 35-0 Saturday night, while the 49ers turned back the Chicago Bears 31-24 yesterday.

**Rams Lose Again**  
The Los Angeles Rams, who bowed to the Lions a week ago, lost 35-17 to Green Bay.

Pittsburgh's passing combination of Jimmy Finks and Ray Mathews jolted the Browns, who sustained their worst setback since they came into the league in 1950. Finks tossed four touchdown passes

GLEN TAYLOR  
TRIES UPSET  
IN IDAHO VOTE

Editor's Note—This is another of several stories by roving Associated Press reporters analyzing the campaign in key states.

By JACK BELL

BOISE, Idaho (AP)—Former Sen. Glen Taylor, repentant about what he calls past "political mistakes" and minus his cowboy trappings, is making a strong bid to upset Republican Sen. Henry Dworshak in Idaho's possibly crucial senatorial race.

In 1948 when Taylor made his ill-fated excursion into the Progressive party, Idaho Republicans wrote the then Democratic senator off as any further threat to them and many conservative Democrats breathed a sigh of relief.

Taylor blames his primary defeat in 1950 on his decision to run as the vice presidential nominee with Henry Wallace on the Progressive ticket. But now he is back as the Democratic party's senatorial nominee in a campaign in which most of the unbiased observers give him a chance to beat Dworshak.

## Might Top Scales

If Taylor goes to the Senate, he might provide the vote by which the Democrats could organize that now closely divided body. If he wins, many politicians believe that Idaho voters also will replace Republican Gov. Len Jordan with a Democrat, Clark Hamilton.

Idaho governors can't succeed themselves and Jordan did not choose to battle Dworshak for the Republican senatorial nomination. The Republicans picked State Atty. Gen. Robert E. Smylie as their candidate for governor.

The Idaho story today centers around Taylor, who is making most of the news with his campaigning, while slow-starting Republicans have continued to count heavily on Democratic defections to keep secure what they regard as a long edge for Dworshak.

## Standing On Record

Dworshak has been standing on his record in the Senate, which he proudly says includes his presence at all 261 roll calls taken in that body in the 83rd Congress.

Dworshak has gone all out for

three to Mathews, who also ran over for another score.

The Eagles' Adrian Burk tossed seven touchdown passes to the Sid Luckman's league record, Rookie Dale Atkeson starred in a losing cause for the 'Skins, galloping 99 yards for a TD.

ARCTIC'S COLD

WASHINGTON (AP)—The United States and Canada, working together with the American weapon, are going to determine how well the Nike guided missile system for antiaircraft defense works in the bitter cold of the Arctic.

The powerful, faster-than-sound Nike has been tested so far only in Texas.

Washington and Ottawa announced recently that cold weather trials of the missile and its intricate guidance system will be made during January and February at Ft. Churchill, a post on the west coast of Hudson Bay where the thermometer sometimes drops to 50 degrees below zero.

Canadian crews, who trained the past summer at Ft. Bliss, Tex., will operate the Nike at the Canadian site with U.S. Army technicians participating.

TRUCK STRIKE  
BRINGS HEAVY  
DAMAGE ACTION

NEW YORK (AP)—A truck strike hit the New York area's first full business day today as strike-bound trucking firms planned to file a damage suit for 10 million dollars.

A prolonged strike was predicted by the employers' chief negotiator, Joseph M. Adelizzi, when he announced yesterday that the suit would be filed today. He said most employers would hold out against demands of the AFL Teamsters Union.

The only hope for getting trucks rolling soon, he added, lies with federal intervention to end the "paralysis" which he said industries and stores will feel by tomorrow or Wednesday.

The strike applies to general cargo drivers and for the most part will stop industrial supplies, newsprint and imports and exports. Food, fuel and other necessities will not be involved, since they are handled by drivers covered by separate contracts.

When the strike began, the Teamsters Union figured more than 23,000 drivers would be involved. Since then, however, the union has announced signing contracts with a number of firms that have agreed to the teamsters' terms.

They include three big food chains.

The union figured these signings would return 8,000 to 10,000 strikers to their jobs today.

Adelizzi discounted the importance of these signings and said the union's estimate of the number of workers to go back to their jobs was exaggerated. "These re-

## GHS Crushes Shippensburg 28-0 For Second Victory; Exhibits Strong Defense

Gettysburg High School's Warriors snapped a three-game losing streak by crushing Shippensburg 28-0 Saturday night on the Greyhound gridiron before approximately 1,800 fans. The victory gives the locals a 2-4 season mark while the loss for Shippensburg was its fifth of the season.

After battling on comparatively even terms until the middle of the second period, the Warriors took command on a pair of touchdowns in the remaining moments of the first half.

The initial touchdown was set up on a 49-yard run by Sam Staley. With a fourth down on the Gettysburg 41-yard line, Staley dropped back in punt formation. Instead he swept wide around end and raced to the Greyhounds' 10-yard mark where he was hauled down by Dave Sowers. Ronnie Williams circled end on the next play to score. Don Smith added the first of his four extra points via a placement boot.

**Score On Aerial**  
On the first play following the kickoff Dick Stough of the Warriors intercepted Gene Linn's aerial on the Shippensburg 38 and got back to the 19 before being brought down. After two running plays were good for but two yards, Glenn Weishaar heaved a pass to Joe Tonsel on the 5 from where he went across the goal line.

Midway in the third period Carl Westerdahl pounced on a Shippensburg fumble to give the Warriors possession on the Shippensburg 29 to set the stage for the third tally. Tonsel, Williams and Fred Furney picked up a first down on the 19. On the next play Weishaar was trapped but completed a toss to Tonsel with the play losing 6 yards. Weishaar then fired another pass to Joe Dearing for 10 yards. Williams smashed the line for a first down in the 9. Tonsel went off tackle for 7 yards and on the next play Williams also went off tackle for his second six-pointer of the evening.

**Smith Intercepts**  
Late in the final quarter the final Gettysburg score resulted when Smith intercepted a pass by Dick Kauffman and galloped 30 yards.

Shippensburg made two mild threats to score but each time the Warrior defense was equal to the occasion. Early in the second period Jack Gribble recovered a Gettysburg fumble on the Warriors' 24. Sowers was tossed for a 7-yard loss on the next play. Two completed passes were good for 13 yards but another pass fell incomplete as Coach Shoemaker's clan took over on the 18.

The other threat was halted in the dying moments of the game when Dick Stough intercepted on the 13. Shippensburg had penetrated deep into Gettysburg soil on a pair of passes by Freeman, one to Wyrick for 13 yards and the other to Linn for 30.

**Tight Defense**  
Gettysburg's entire squad played a much improved brand of ball over previous performances. The Warriors were particularly efficient on the defense in the first half when Shippensburg was held to minus 12 yards in rushing.

## FAIRFIELD IS PEN-MAR CHAMP

Fairfield clinched the playoff championship of the Pen-Mar Baseball League by taking the deciding game from Cashtown 5-1 on the Fairfield diamond. Despite cool weather, a large crowd attended.

Guy Weikert, Fairfield hurler, turned in a brilliant pitching performance, allowing but three hits while fanning 13 batsmen.

Ed Spence, who caught Weikert's offerings, drove in four of the five runs for Fairfield. Johnson drove in the other tally.

Cashtown's lone tally came in the fourth inning when Singley walked, stole second base, and raced home on a single by R. Spence.

## HAMILTON IS PLEASED WITH PITT SHOWING

By JOE BRADIS

**PITTSBURGH**—Jubilant Tom Hamilton, who directed Pitt to an 21-19 football upset over Navy on Saturday for ailing Coach Lowell (Red) Dawson, figures the Panthers can also do it again North-western—with or without him at the helm.

"They're a great bunch of kids and they played a whole of a ball game against a great Navy team," Hamilton said today. "It was a team victory and I'm sure one for Red."

Hamilton, former gridiron coach at Navy and now Pitt's athletic director, stepped back into the active coaching ranks unexpectedly last Tuesday after Dawson was hospitalized with an "aggravating heart" condition.

**"No Letdown"**

"I don't know whether Red will be back in time to take charge against Northwestern next Saturday here, but it's interesting and exciting to coach again," Hamilton said.

First reports said Dawson will be hospitalized a week, but Hamilton said the doctors "still have some tests to give Red and we don't know for sure what date he'll be back."

"We hope he gets out soon. We don't know how he will feel after he does get out. There are a lot of things to take into consideration. Pending Red's return, I'll direct the team with the help of his assistants. There'll be no letdown. We understand Northwestern has a good team and we'll resume practice again today."

## CRAZY-QUILT COLLEGE GRID SEASON HEARS 1ST BOWL TALK

By ED CORRIGAN

The Associated Press

This crazy-quilt college football season is approaching the halfway point and coaches are beginning to think in terms of conference championships and possible bowl bids.

Some of the teams that were buried far down in the preseason ratings are right in the thick of things.

Arkansas, for one, could write a real rags-to-riches story if they win the Southwest Conference title. They haven't taken it in 18 years, but their stunning 20-7 triumph over Texas last Saturday left them one of the dozen and a half major undefeated teams in the country. They still play Texas A&M, Rice and Southern Methodist, so they could meet their downfall. The Southwest winner is host team in the Cotton Bowl.

**Army Up On Top**  
And who would have thought Army would emerge as the top team in the East after it's wretched showing against South Carolina in the beginning of the season? But the Cadets' fine 28-14 triumph over Duke put them up there.

Both the Big Ten and Ivy League have been surprising. Illinois and Michigan State were expected to make serious bids for the Big Ten title. Both are pulling up the rear, while Wisconsin and Ohio State, two of the unbeatens, go at it this Saturday. Out of this game could emerge the Rose Bowl team.

Wisconsin polished off once-am-bitious Purdue 20-6 and Ohio State defeated Iowa 20-14. Once-beaten Michigan plays Minnesota for the Little Brown Jug in another game that could have some bearing on the title should the Badgers or Buckeyes falter.

**Yale In Spotlight**

In the Ivy League, Cornell was the heavy favorite, but the Big Red is just playing out the schedule now. Instead, Yale, which hasn't won the championship since 1946, is in a favorable position to come through. The Elis' 47-21 victory over Cornell last week sent them into undisputed possession of the lead, since Princeton dropped a 21-20 decision to Brown.

No one seems capable of catching UCLA in the Pacific Coast Conference. The Uclans can't go back to the Rose Bowl, so they're playing for national honors. They massacred Stanford 72-0 in their last outing.

Actually, Southern California probably will get the Rose Bowl if it gets past California Saturday. After that, the Trojans still have games with UCLA, Stanford, Washington and Oregon State. Throw the Uclan game out and they shouldn't have any trouble.

**Oklahoma On Top**

Oklahoma, the No. 1 team in the country in the Associated Press weekly poll of sports writers and sportscasters, heads the Big Seven as usual. Colorado is the only club capable of giving the Sooners a healthy workout in their preparations for a launt to the Orange Bowl.

In the tough Atlantic Coast Conference, which supplies the host team for the Orange Bowl, defending national champion Maryland still has a good chance, although Duke and Wake Forest are in the running too.

Undefeated Mississippi is in a peculiar position. Ol' Miss could win the Southeastern Conference title and go on to the Sugar Bowl and with its soft schedule probably do just that. But the schedule has worked against the Rebels in the national picture. Arkansas is their opponent this week.

Among the independents, Notre Dame, struggling to recoup from its reversal by Purdue, probably is the standout. The Irish licked Michigan State 20-19 last Saturday and seem to have rebounded well.

## Rookie Goalies In Hockey Spotlight

By THE ASSOCIATED PRESS

A pair of rookie goalies, Buffalo's Hank Bassen and Providence's Charlie Hodges, stole the American Hockey League spotlight last night.

Buffalo, with Bassen in the nets, turned back the Cleveland Barons 5-2 while Hodges excelled in Providence's 5-2 victory over the Springfield Indians.

The Bisons snapped a 2-2 tie with a three-goal barrage in the third period as Bassen made 17 saves in the final stanza while holding Cleveland scoreless.

Providence jumped off to a 2-1 first period lead and then pulled away with another goal in the second and two more in the last stanza.

## Thunderbolts Take To Air To Rout Biglerville 26-0; Remain In Unbeaten Class

The undefeated Littlestown High School Thunderbolts thundered to their fourth victory against one tie, Saturday evening by defeating Biglerville 26-0 at Musselman Memorial Field, Biglerville, in a Laurel League contest.

Don Kump, Littlestown tailback, pitched three touchdown passes, all of them for long yardage, in giving Coach Wilbur Gobrecht's team its third straight conference triumph.

After a scoreless first period, the Biglerville Cannons threatened early in the second quarter when a fumble by the 'Bolts was picked up by Paul Little, Biglerville end, on the Littlestown 38. The Cannons, who gained 94 yards rushing to Littlestown's 44 during the first half, moved the ball to the visitors' 33. A pass from Gene Shaffer to Nelson Weber for 10 yards placed the ball on the 23. Moving to the Littlestown 18, the Cannons fumbled and the ball was recovered by Littlestown's Jim Zulick. The 'Bolts rushed the ball to the Biglerville 45 and then Don Kump fired his first pass of the evening to Dean Selby for 55 yards and the first touchdown for the Thunderbolts. Littlestown's pass for the extra point was incomplete.

Near the end of the second period the Thunderbolts, moving from their own 13, rushed the ball to the 50-yard mark. Kump's 50-yard pass to Jay Showmaker was fumbled in the end zone and Fred Busbey fell on the ball for the touchdown. Kump's pass to Busbey for the extra point was successful.

Losing little time in the third quarter, the 'Bolts moved the ball from their own 35 to the Cannons' 17 with the Littlestown backfield, Kump, Potter and Zulick, sharing the burden. Don Kump, on a hand-off from Len Potter, passed to Busbey for 17 yards for the Thunderbolts' third score. The pass from Kump for the extra point was incomplete.

In the last three minutes of play in the third quarter, the 'Bolts scored their fourth touchdown, starting on a play which began on their own 49. The speedy backfield moved the ball to the Biglerville 23. Kelly Pottoff, a 130-pound second-team backfielder, moved the ball to the 14. On the next play, Pottoff rushed 14 yards for the touchdown. George Snyder's kick for the extra point was good.

Late in the fourth quarter it appeared the Cannons might score after a 37-yard run by Gene Shaffer put the ball on the Littlestown 20. A left end run by Shaffer moved the ball to the seven. On fourth down, a fumble was recovered by the Thunderbolts.

Rooms ..... Six

There's plenty of room for the average family inside "The Atchinson," too. In addition to a spacious living room, a compact, modernly equipped kitchen, a separate breakfast room and the first floor utility room, this well planned home contains a good sized bath, two bedrooms and a 10' x 8' room which can serve as either a den or a bedroom.

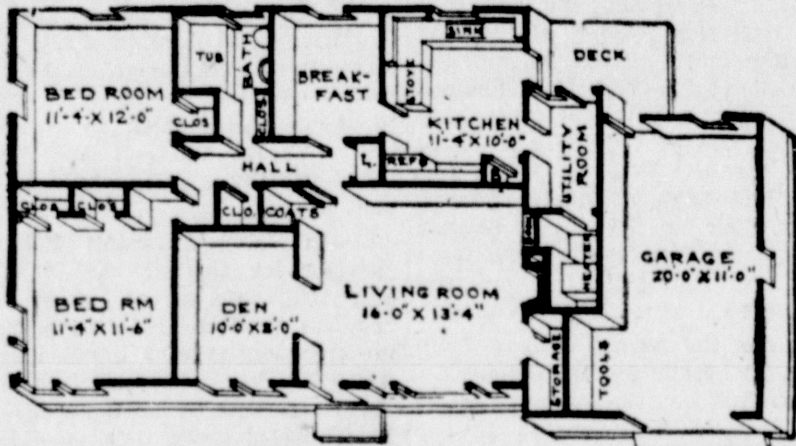

Storage presents no problems in "The Atchinson." In all there are nine centrally located closets, including an unusually long storage closet in the right living room wall. Everyone likes a home that is well lighted and ventilated; in regard to these two features "The Atchinson" again rates a high score.

Of course in addition to making this ranch type house more comfortable and pleasant to live in, the many windows are definite decorative assets for both the exterior and the interior of the house.

While there is no dining room proper, the breakfast room is designed to be used as a family eating room. Actually you'll find it more convenient to serve as many of the family's meals as possible in this breakfast room. And, if you make informally the decorative keynote of the room, using care in decorating and selecting furnishings, your family will consider eating in the breakfast room more enjoyable than in the more formal dining room.

Because it must hold the heater as well as your laundry equipment, the utility room is divided into two sections. The front area holds the heater; the remaining section, with a door opening on the back deck, contains the laundry equipment.

In addition to containing the usual overhead storage space, the 20' x 11' garage attached to "The Atchinson"

has a special tool storage compartment. This spacious storage area makes an ideal place to keep all types of tools for household repair jobs, as well as the lawn mower, and garden and lawn tools.

Measuring 37' x 26', "The Atchinson" can easily be built on a 60 foot lot. Cubage of the house is 15,600 feet; cubage of the garage is 5,500 feet. This house will look equally attractive in any type of location. And while any type of exterior finish can be used, wide clapboards seem to perfectly suit the architecture of this charmingly informal home.

Color and brightness can be added to the exterior by the use of blinds, and colored roofing, by creating a wooden canopy-like effect under the raised section of the roof and by using as a facing for the garage a different type of exterior finish than the one used for the house proper.

For plan prices, write to the Home Building Editor, The Gettysburg Times, Dept. 18, and enclose a self addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

## ANASTASIA TO FACE TAX TRIAL

NEWARK, N. J. (AP)—Albert Anastasia, reputed "lord high executioner" of the old Murder Inc. mob, goes on trial today on charges of evading payment of almost \$12,000 in income taxes over a two-year period.

More than 100 witnesses are expected to be called to the stand by the prosecution in the federal court trial before U. S. District Judge Alfred Modarelli.

Anastasia, whom the government seeks to deport to his native Italy, was indicted last March by a federal grand jury. The indictment accuses him of reporting a net income of \$18,769 for 1947 and 1948 when actually, the government says, it should have been \$51,074.

The defendant paid taxes of \$2,778, but the indictment claims he should have paid \$14,520. Anastasia is a partner in a Hazleton, Pa., dress company.

## DR. SHEPPARD GOES ON TRIAL IN WIFE'S DEATH

CLEVELAND (AP)—The drama-packed murder case of Dr. Samuel H. Sheppard moved into the trial stage today with indications a month or more may be required to exonerate or convict the balding osteopath.

The 30-year-old defendant accused of hacking his wife's face into an unrecognizable pulp, delivered an announcement of confidence as the trial date came up.

His brother, Dr. Stephen A. Sheppard, also an osteopath, quoted him as "welcoming the opportunity to have this trial and have the true facts presented."

**D. A. Batting 1,000 Pct.**

Dr. Stephen declared his brother's morale is "good" and added: "We do not believe that even the brilliant prosecutors this county has can convince 12 fair men that Dr. Sam is not innocent."

The top general on the prosecution staff will not even enter the courtroom. He is Frank T. Cullinan, 74-year-old county prosecutor who hasn't had a single acquittal in prosecuting 20 first-degree murder cases.

**Depend On Miss Hays**

On orders from his physician, Cullinan must remain in his office. But his lieutenant, Asst. County Prosecutor John J. Mahon, boldly announced he will pin much of his case on testimony of Miss Susan L. Hays, 24, and Dr. Lester T. Hoversten.

Miss Hays, auburn-haired and pretty, formerly worked as a technician at Bay View Hospital in suburban Bay Village, where Dr. Sam is on the staff. She admitted being intimate with him in California last March after she moved there and Dr. Sam came out to take postgraduate work.

Dr. Hoversten, of Glendale, Calif., was a guest in Dr. Sam's lakefront home in Bay Village for three days before the murder July 4. But he was visiting other friends out of town on the murder night.

**Circumstantial Case**

Mahon said the main points in his circumstantial case are:

Dr. Sam's own testimony at the coroner's inquest and a statement he made to investigators six days after his comely, 31-year-old wife Marilyn was found dead in her blood-spattered bedroom.

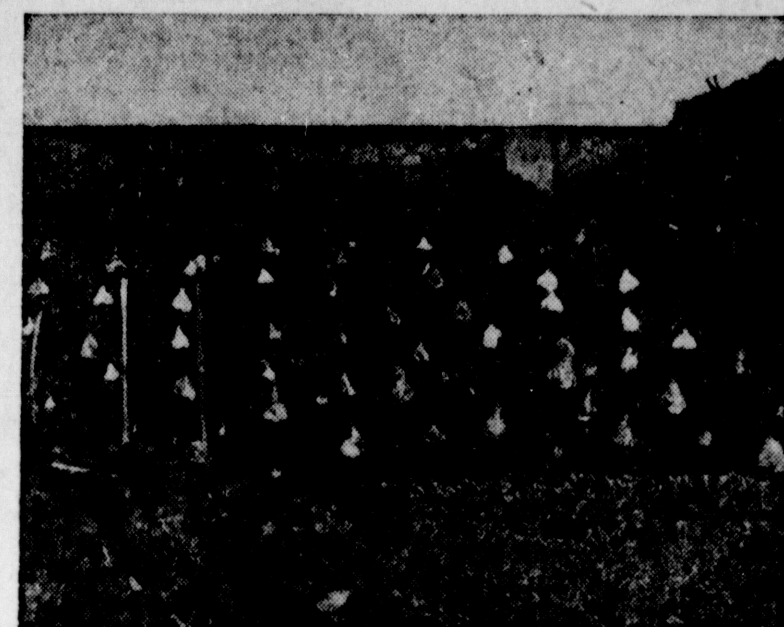

The physical appearance of the home when police arrived.

Dr. Sam said he went to sleep on a downstairs couch and was awakened by his wife's cries for help. He dashed upstairs, saw a bushy-haired man in the bedroom, grappled with him and was knocked out, the osteopath told the coroner's inquest.

Later, he said, he heard a noise downstairs, followed a "form" out to the beach and was knocked out again.

Mahon said the "chief question which presents itself here and

## Two Ways To Plant Fall Bulbs For Winter Safety

There are two methods of planting fall bulbs. When planted in the perennial border, among other plants, a hole should be dug for each bulb with a trowel. Be sure that the hole is large enough so that the bulb rests on the soil, and there is no air pocket beneath it.

The soil should be packed firmly around and above the bulb, and planting may be done as late as this is possible. Even if there is a frozen crust on the surface, so long as the soil beneath will crumble easily, planting can continue. But when the ground freezes deep enough to prevent this, it is too late to plant.

If an entire bed, or border space is to be planted to bulbs, it may be excavated to the required depth, and the bulbs placed on the floor of the excavation in the desired arrangement. This is a necessary method when tulips are to be used to form a pattern, in the style still popular in Europe and formerly practiced here. Even if no pattern is desired, this is a good way when there are no established plants in the area to interfere with it.

When the soil is filled in above the bulbs, it should be heaped up an inch or two higher than the surrounding surface to allow for settling, and prevent a depression in which water might stand.

Wet soil is the great enemy of all garden bulbs. They will not grow in wet soil, and soon decay. They should never be planted in a place from which water does not drain away quickly. If there is no such place in your garden, then make an elevated bed, six inches above the garden level, in which to plant your bulbs.

Cold does not injure hardy bulbs; but wet soil will destroy them, so take no chances.

One of the chief hazards for all bulbs is "frost heaving," due to alternate freezing and thawing of

which will be stressed at the trial is: Why wasn't the doctor killed by this intruder, if there was one?"

Another important question will be brought to the attention of the jury, Mahon said, is:

"If the motive of the invader were burglary, as the physical state of the house suggests, why did the thief meet with so little success?"

## Case Calls His Sister Confused

NEW YORK (AP)—Republican senatorial candidate Clifford P. Case of New Jersey, in a dramatic defense of his sister, said yesterday she was not the Adelaide Case linked to purported Communist-front groups in a published report.

The report, he told a television audience, apparently was based on mistaken identity.

However, he said his 42-year-old sister, whom he described as "a loyal American," told him last year "while under treatment for a severe nervous disorder" that she "had an association with a left-wing study group."

He pictured his sister Adelaide's account as "confused and disconnected" but said he asked FBI Director J. Edgar Hoover to look into it.

The soil, which may lift shallow rooted plants out of the soil. Bulbs planted so late they cannot make roots in the fall are likely to suffer from it; and large bulbs not set deep enough will often be injured. A mulch placed over the bulbs after the ground has frozen will keep the frost in, and reduce frost heaving.

When it is intended to allow tulips to remain where you plant them several years rather than dig them up after they have blossomed and their leaves have turned yellow each summer, they should be planted two or three inches deeper than the normal depth.

Deep planting may cause flowering to be somewhat later, so all bulbs which it is desired shall blossom at the same time should be planted the same depth.

Here's a way to vary the usual combination of peas and carrots: add a dash of curry powder to them, after they are cooked and drained, as well as butter or margarine, salt and pepper.

## RESUME TALKS WITH GOODRICH

COLUMBUS, Ohio (AP)—The CIO United Rubber Workers resume negotiations today with the B. F. Goodrich Co. after calling, then cancelling, a strike yesterday.

Pickets surrounded Goodrich plants at Tuscaloosa, Ala., Miami, Okla., and Riverside, N.J., for about an hour Sunday before the union reported getting a new offer from the company.

Then the union called in its three picket lines and ordered the men to continue work in Akron and five other cities involved—Marion, Ohio; Cadillac, Mich.; Oaks, Pa.; Los Angeles; and Clarksville, Tenn.

Pickets were ready to move on Goodrich plants here when the back-to-work order came.

Negotiations broke off here Saturday night, one day after the old contract expired. The union, which took a strike vote Thursday, announced its members overwhelmingly favored going out if necessary.

Results of today's talks are to be reported in Akron to the union's policy committee at 8 p.m. Any future strike action would be decided then.

The talks reportedly cover working conditions, holidays, vacation time and special rate payment, although negotiators have declined to discuss specific issues.

## IKE MAKES BID FOR FARM VOTE IN INDIANA TALK

By MARVIN L. ARROWSMITH INDIANAPOLIS (AP) — President Eisenhower bid for the nation's farm vote Friday night, saying election of a Republican Congress will help assure American farmers "a foundation of enduring prosperity."

Speaking to a wildly cheering, capacity crowd of 15,000 at Butler University, the President jabbed at the Truman administration for what he termed the farmers' "serious loss in buying power" in 1951-52.

And—in a separate speech at a smaller rally of GOP colleagues—he sounded a challenge to Republicans to spur "our horses . . . and to get going" in the party's drive to maintain control of Congress in the Nov. 2 elections.

**Arrived After Hazel** Eisenhower stopped over in the Indiana capital in the midst of the Farm Belt on his way back to Washington — lashed Washington from Denver, where he ended an eight-week work and play vacation Friday.

His private plane landed at Washington National Airport early Saturday, several hours after the hurricane had swept north.

His major address last night—broadcast nationwide by radio and telecast in 15 farm states—marked another step in his personal campaign to swing voters into the Republican column this fall.

### Blames Old Law

During the first 21 months of his administration, he said, "we have gone far toward building for our agriculture a foundation of enduring prosperity, in an America at last at peace."

He said there never had been more constructive farm legislation than that passed by the GOP-controlled 83rd Congress, and he blamed "the old farm law" for a "steady decline in farmers' buying power."

On the speakers platform were Secretary of Agriculture Benson, whom he warmly praised, and Republican candidates from the Farm Belt. There had been reports from Washington that GOP leaders counseled against having Benson on the platform, presumably because of some Republican opposition to the administration's controversial farm program.

**Paid For By GOP** Benson spoke briefly ahead of Eisenhower and said the nation's farmers never had a better friend in the White House.

The chief executive got a wild two-minute standing ovation when he was introduced to the fieldhouse audience by an official of the National Institute of Animal Agriculture, an organization described by the White House as nonpartisan.

The TV and radio time was paid for by the GOP National Committee.

**"Heart Goes Out"** Most of the President's address dealt with the farm situation, but he also:

"I sought again to wipe out any political advantage the Democrats may have derived from secretary of Defense Wilson's remarks about dogs and unemployment.

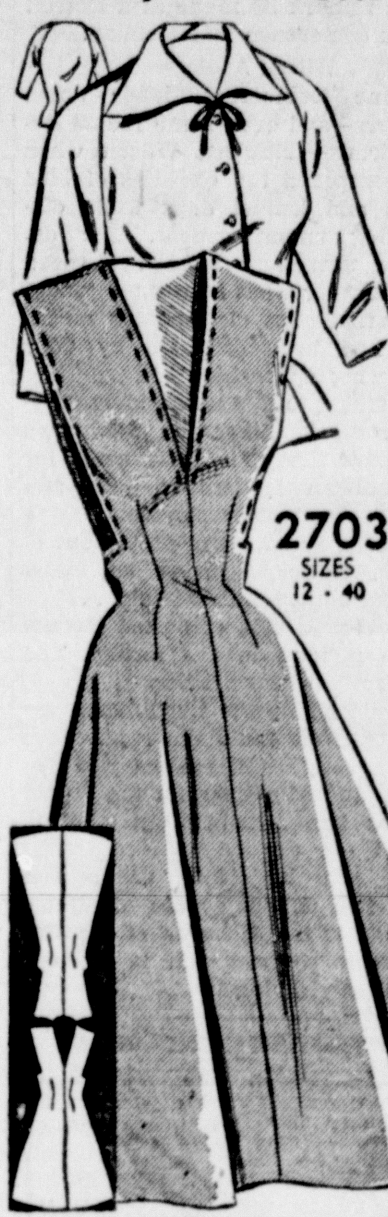

Without specifically mentioning those furor-stirring remarks, the President said:

"My heart truly goes out to every one of our citizens who has no job, or who, in other ways, suffers these hardships. Efforts to eliminate distress and build enduring economic strength in these localities are being tirelessly pursued."

2. Raised a question as to whether the administration might be giving new thought to the possibility of conferences between this country and the Soviet Union.

"We will confer with any and all—if only we can have some assurance of sincerity of purpose, which must underlie all progress toward permanent peace," he said.

# ADLA CRIES ABOUT WILSON CAMPAIGNING

ALBUQUERQUE, N.M. (AP)—Adlai Stevenson says the Eisenhower administration has "abandoned the sound and good tradition of no politics in the Defense Department" by allowing Secretary of Defense Wilson to function as a Republican campaigner.

Speaking at a Democratic rally Friday night, Stevenson questioned the "propriety" of Wilson's participation in the fight for control of Congress.

The Democrats' 1952 presidential candidate said Wilson's "campaign job as I understand it is to go around to industrial areas like Detroit and Chicago where there are large defense contracts and speak to the big industrialists and the rich beneficiaries of Republican tax reduction—at \$100 a plate for the Republican campaign."

"Out of Politics" Stevenson said he wanted to "remind our Republican friends" that the Defense Department, like the State Department, was "out of politics when the Democrats were in power" and he added: "I should have thought President Eisenhower, after a lifetime in the service, might have seen some virtue in continuing that practice."

But, said Stevenson, "it is quite clear" neither Eisenhower nor Wil-

son "seem the least bit sensitive about the propriety of the secretary of defense participating in a political campaign."

Wilson returned to the capital Thursday night saying he hoped he was through with campaign speeches. During a brief political excursion he had set off a storm by a remark he made at a Detroit news conference last Monday.

**Wilson Apologized** Some Democrats, labor union leaders—and even some fellow Republicans—criticized Wilson when he compared the qualities of bird dogs and kennel dogs while discussing unemployment. The defense secretary later apologized publicly for what he termed "inept remarks," but claimed his meaning had been distorted by "our left wing opponents."

Alluding to this now widely quoted remark, Stevenson said "we do know that it is not unusual for Republican leaders to talk and think about unemployment as a statistic, as so many people out of work, rather than as so many homes chilled with anxiety."

Stevenson also criticized Republican policies in the foreign and natural resources fields. "I do blame the Republicans for the unhappy fact," he said, "that our prestige and esteem and the international respect for the United States has fallen to an all-time low."

He said he thinks the reason "for this unhappy state of affairs abroad is the dilemma of the Republican party which is deeply, hopelessly divided."
